

Pick Up/Drop off Change 2009-10

Dear Parents,

Starting Monday, January 11, 2010, we will be changing our pick up/drop off procedures. The NMPED requests that parent traffic and bus ramps be as separate as possible. The current system in place does not allow for the amount of separation desired. Therefore, we are going to move the pick up/ drop off to the south side, paved lot. Cars will line up along the fire lane/curb and students will be brought to the cars, like we do now. This will require all of us to work together to make this transition possible. To help out, we are asking parents of kindergarten students come before 3:00 pm and park along the curb. Parents of older children should not come until after 3:07 pm. The best time to come will be at 3:10-3:15 pm. If we work together and stagger our arrival, we should be able to get kids in and out quickly. If we begin to back up onto 344, we will divert cars into the staff parking area until it thins out. If you need to, you may still park in the south lot, go to the office, and sign out your child. Unattended vehicles will **not** be allowed to park along the paved road to the parking area. Please sign and return section below.

My signature indicates I have read and understand the changes to the pick up/drop off.
